Revenue Commissioner

Sir, I have the honor to state
for your information that there are
some Provincial Roads passing within
the limits of the Bangalore City, for
the annual up-keep of which contri-
bution is paid from Provincial
funds to the City Municipality.
The Municipal President in his
Order No. 408 of 20 January 1906 has
stated that these Roads for which con-
tribution is paid from Provincial
Grants are under the control of the

✓

Municipality and the avenue trees on their sides are taken care of by them. In places where there are no trees they are planted by the municipal agency and that trees dying or blown down are sold for the advantage of the municipality and the President adds that strips of lands on which the avenue trees stand have been acquired by Government.

2. Quoting the above as the practice, the President now claims that the branches of trees lopped off at the instance of the Electric Department in S. Nos 5, 7, 27 and 28 of Bhopinahalli village which were acquired by Government for Barr Sboys Parade ground on a side of which the Bangalore Mysore Road power should be handed over to him.

3 It is also urged as an additional reason that the assessment on Revenue Survey Nos within the municipal precincts are credited to the municipal funds and not to the Provincial revenues
